SUMMARY

Full-stack developer experienced in building real-world web and mobile applications using Next.js, React, Node.js, Express, and React Native. Developed complete systems from frontend UI to backend APIs, including production-level projects such as a technician booking platform and multiple web apps. Skilled in creating fast, responsive interfaces, integrating databases and APIs, and delivering practical solutions that work reliably in real use cases. Familiar with modern development tools, clean coding practices, and end-to-end project execution.

EXPERIENCE

Full-Stack Developer
Tech Sewa | Tinkune, kathmandu

June 2025 - Present
Building a real-world technician booking system for web and mobile using React, Node.js, Express, and React Native.

PROJECTS

Technician Booking Platform (Web)
Full-stack web app for finding and booking nearby technicians in real time built using React, Next.js, Node.js, Express, and MongoDB
GitHub: NirajanMahato/tech-web

Technician Booking App (Mobile)
React Native mobile app for technicians to manage jobs, update status, chat with customers, and handle tasks on the go.
GitHub: NirajanMahato/tech-app

ReviveReads – Thrifted Bookstore
Web platform for buying and selling pre-loved books, featuring categories, listing pages, user accounts, and secure flows.
GitHub: NirajanMahato/ReviveReads

Feast – Food Ordering Web App
Group project: Online food ordering system with menus, ordering flow, and responsive UI using React and Spring boot.
GitHub: NirajanMahato/Feast

CERTIFICATIONS

JavaScript Algorithms and Data Structures
freeCodeCamp — Completed Sep 24, 2024

Member — Institute of Analytics (IoA)
Global professional membership body for data and analytics practitioners.

EDUCATION

2022 - 2025 | Coventry University
BSc (Hons) Computing
Completed at Softwarica College of IT & E-commerce, Nepal

2020 - 2022 | Graduated: 2078 B.S.
Science (XII)
Goldengate International College

TECHNICAL SKILLS

- Next.js
- Node.js/Express.js
- React Native
- Flutter
- Spring Boot
- REST APIs
- Figma
- Git/GitHub
- Deployment

LANGUAGES

- English
- Nepali
- Maithili
